

There's a lot new with the ESQ2!

SIGMA has been busy investing in the ESQ2 and we have exciting news to share with you!

- Announcing the ESQ2.2! – Launching August 1, 2010
  - Most of the changes are technical and will not affect the look and feel of the report
  - Norm group now consists of 98,000 applicants
  - Scoring has been optimized to enhance the intuitiveness of reports with specific profiles
- ESQ2 administration now available in more languages!
  - French (Canada)
  - Spanish (Mexico)
  - Spanish (Puerto Rico)
- Coming soon – ESQ2 reports in more languages
- Watch for SigmaSelect.com coming in late Q3!

SigmaSelect is a completely new Internet hiring platform that combines the core features of an applicant tracking system with the power of the ESQ2 to simplify and enhance your hiring processes. While we will continue to support and develop all of our existing platforms, SigmaSelect provides you with a powerful new option. Stay tuned for more information coming soon!
